SHANGHAI TEXTILE MILLS EXCEED SEPTEMBER QUOTA;
TEXTILE MACHINERY LEFT OUTDOORS IN DISUSE

KNITTED GOODS HAVE BIGGEST INCREASE -- Tientsin, Ta Kung Pao, 8 Oct 53

The Shanghai textile mills of the East China Textile Administrative Bureau exceeded their production quota for September 1953 as follows: cotton yarn by 3.36 percent, cotton cloth by 2.38 percent, dyed cloth by 3.82 percent, and knitted goods by 14.58 percent.

The output of superior grade cotton yarn and cotton cloth increased by 2 percent and one percent, respectively, over the previous months.

TA-TUNG FACTORY PRODUCES VARIETY OF TOWELS -- Tientsin, Ta Kung Pao, 27 Oct 53

The privately and publicly operated Ta-tung Weaving and Dyeing Factory, located at 1373 Yen-an Lu, Hsi, Shanghai, is producing the following brands of towels: The Wu-i Lao-tung, the Wu-ssu Ch'ing-nien, and the Ch'ing-nien.

100 TEXTILE MACHINES DAMAGED -- Peiping, Jen-min Jih-pao, 1 Oct 53

At the Hsin-chiang Textile Mill in Shansi Province, about 100 weaving machines have been left unprotected and exposed to the weather. These machines were left in the open because some of the parts were missing. Many are rusting and are becoming useless. In addition, several hundred tons of air pipes and water pipes have been left in the open and are becoming useless.

It is reported that this factory has on hand 5 billion yuan's worth of raw supplies which have not been processed.
